

UKCA FAQ

The information provided below is based on the guidance on the government website www.gov.uk/guidance/construction-products-regulation-in-great-britain

1) When does the UKCA Mark become mandatory for construction products?

For construction products the UKCA Mark must be applied by 30 June 2025.
Until June 2025, in Great Britain both the UK mark, and the CE mark will be recognised.

Required Mark for Sale of Construction Products in:

Great Britain	Northern Ireland	EU	Non-EU / EEA
CE Mark (OK until 30 June 2025) UKCA Mark (mandatory from 30 June 2025)	CE Mark	CE Mark	n/a

2) Is the deadline for construction products the same as other (non-construction) products?

No. See table and consult Government guidance for more details.

Construction	Other Products
Deadline 30 June 2025	Deadline 31 December 2024

3) Which Lindapter products are covered by the UKCA marking?

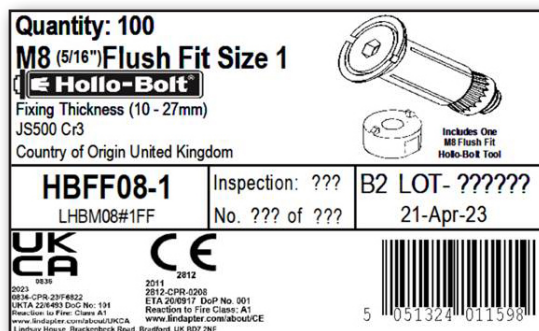

All CE Marked Lindapter products are now additionally UKCA Marked to ensure continued compliance with both EU and UK Construction Products Regulations.

4) Will Lindapter products now have both markings?

Yes, please see an example below (previous label vs new label)...

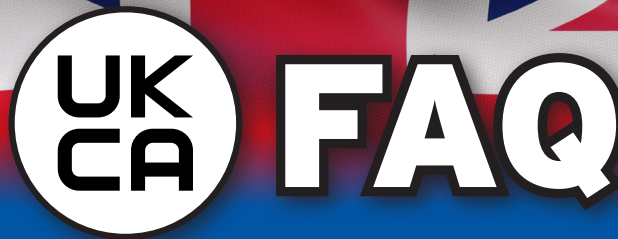

Old Label

New Label

More FAQs are answered overleaf.

The information provided below is based on the guidance on the government website www.gov.uk/guidance/construction-products-regulation-in-great-britain

5) Is the UKCA a requirement for Northern Ireland?

No, Northern Ireland remains in line with the European Union's Single Market so the CE marking rules are still in effect there. Lindapter will maintain the CE Marking of its products to ensure continued compliance in Northern Ireland.

6) Can I still sell Lindapter products already manufactured before the January 2025 deadline but not yet sold?

Yes, products already in the supply chain at the time the new rules come into force, which will have the appropriate date on the label to indicate the date they have been manufactured, can continue to be sold under the old rules.

7) Will Lindapter issue Declarations of Conformity (DoC) for its UKCA marked products?

Yes, separate Declarations of Conformity that meet either GB or EU CPR requirements are necessary.

Please visit our website to download the new certificates.
